Source: EPB & BAPA

Activities of BAPA

1. BAPA is the apex body of all food processing industries in Bangladesh.
2. It has total 273 members who are exporting 142 countries.
3. BAPA as a non-profitable Trade Organization with a view to develop, support and promote all out activities.
4. It conducts skill development training program, seminar, workshop & FoodPro Fair to ensure production, packaging, quality, maintenance & food safety for its members in food processing sector.
5. It's main purpose is to develop SME, value chain management.
6. Few BAPA members ensure buy-back guarantee for the farmers produces.
7. We conduct contract farmers training program.
8. For SME development collaboration with International bodies like Embassy, Chamber of Commerce & Industry to explore in international market.
9. To undertake projects with EU, HELVETAS, ADB, SDC, SEIP & Govt. and to provide facilitation services to all stakeholders in planning implementation and evaluation of development projects.
10. Major lessons learned from the CD projects is to promote innovation that meet the needs of small farmers, SME agri-business & consumers.
11. BAPA requires regional training center for its member's of food skills development in different occupation and wants to introduce central database which will help farmers to get updated information on production and processing.
